## BATTLE RAGES IN MAD MEXICO

### BULLETS FALL ON AMERICAN SIDE

Mexican Rebels Storm and Capture Federal Garrison.

### DESPERATE BATTLE ON BORDER

Several Persons, Including a Soldier, Hit by Stray Bullets That Sped Across the Arizona Line—Protests of United States Army Officials Prove of No Avail—Federalists Surrender to American Troops.

Nogales, Ariz., March 14.—Nogales, Sonora, is in the hands of the Sonora rebels, calling themselves "Constitutionalists," following fierce fighting between the rebels and the federal defenders of the town.

The wounding of an American trooper on border guard duty resulted in the issuance of a peremptory demand from Lieutenant Colonel Daniel Tate, Fifth United States cavalry, that the contending factions cease their firing into American territory at once. Shortly thereafter Lieutenant Emilio Kostelitzky, the police commander of rurales, came to the international line with a number of his men and surrendered to the United States troops and gave up their arms. Previously 12 of Kostelitzky's men had crossed the line in an attempt to escape into Arizona and were taken prisoners by the United States troops.

Kostelitzky's retreat to the Arizona side of the line left the Mexican town defended only by Colonel Reyes and a few federal regulars, and they soon capitulated to the rebels. Kostelitzky later returned to the Mexican side and, with Colonel Reyes, he met the two rebels leaders, Juan Cabral and Enrique Obregon, in the Mexican custom house, and signed terms of surrender.

Determined to obtain the remaining Sonora-Arizona port of entry from the federal government, 1,000 Constitutionalists assaulted the town only to be driven back by the dogged resistance of no more than 250 defenders under Colonels Kostelitzky and Reyes. Later the rebels renewed the assault with telling effect.

The rebels made a prolonged attack upon the federal garrison defending Nogales, Sonora. Rifle shots cracked simultaneously with the attack signal and through it all Nogales, Ariz., and Nogales, Sonora, were under rifle fire. The federalists defending the Mexican town replied energetically to the rebel fire.

Bullets fell on the Arizona side of the line and many houses were struck in the Arizona town and several people were wounded. An American soldier on border guard duty was shot in the stomach.

## ARE SWEEPED BY STORMS IN SOUTH

Fatalities Occur in Texas, Tennessee and Other States.  
Nashville, Tenn., March 13.—A cyclone swept sections of Texas, Louisiana and Tennessee. Many buildings were destroyed. North of Beaumont, Tex., one negro was killed and 23 injured. Two children were killed, a score injured and the town of Ponce de Leon in Louisiana. In Tennessee the storm claimed several lives.

## Lindley M. Garrison, New Secretary of War, Will Hold U. S. Army In Leash on the Mexican Border.

Photo copyright, 1913, by American Press Association.

Lindley M. Garrison, new secretary of war, faced ticklish problems when he took office. The biggest responsibilities for him probably are those surrounding the handling of American forces along the Mexican border. Secretary Garrison quickly indicated that he wished the commanders in charge of the forces to keep them withdrawn to a cautious distance from the Mexican lines in order to avoid any possible breach of peace through accident. There are many problems relating to military expenditures that come up before Mr. Garrison also. The new secretary is shown above as he appeared at work on his new duties.

## LITTLE FAMILY BLOWN TO PIECES

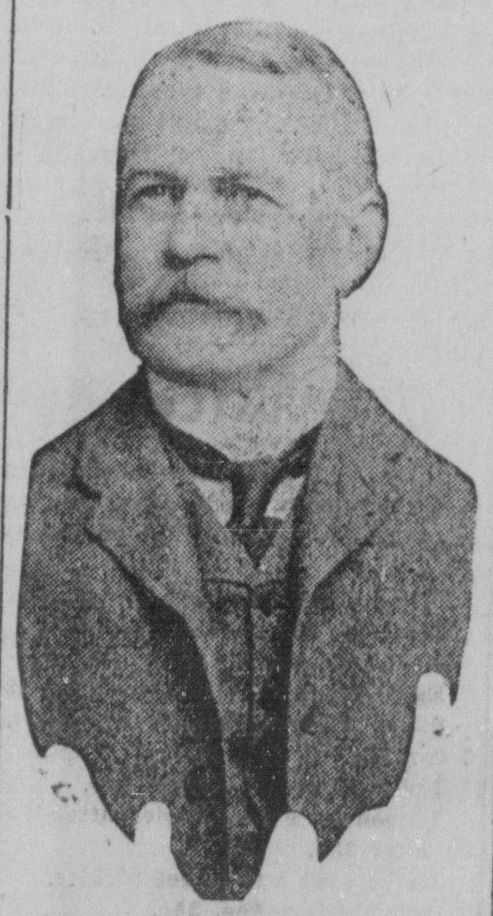

### MOTHER AND TOTS KILLED

Ten Kegs of Powder in a Miner's Home Touched Off by Child.  
Huntington, W. Va., March 14.—Mrs. A. J. Alexander, 41, and her two children were killed when their home at Grayson, Ky., was destroyed by an explosion. The father, a miner, had left 10 kegs of powder in the house to keep it dry. One of the children took a handful of the explosive and scattered it on the floor from the kegs to a fireplace, where it became ignited.

Will Do Away With Passes.  
Xenia, O., March 14.—The Greene county agricultural board decided to do away completely with the pass privilege at its fairs. Passes have annually meant a loss of nearly \$1,000, it is said.

### EDWIN F. SWEET

Nominated For Assistant Secretary of Commerce.

### Seven Hurt In Collision.

Toledo, O., March 14.—Four women and three men were hurt when two city streetcars crashed near the business district. A westbound car jumped the track and jammed into an eastbound trolley with terrific force, shattering parts of both cars.

### Religious Educators Elect.

Cleveland, O., March 14.—Dr. Charles F. Thwing, president of Western Reserve university, Cleveland, was elected president of the Religious Education association, and New Haven was selected for the 1914 convention.

## EXTENDS THE RULE TO EVERY BRANCH OF WORK

### SENATE FAVORS CIVIL SERVICE

Friebohn Measure Goes Through Without a Struggle.

### BILL INCLUDES EVEN LABORERS

All Wishing to Work For State, City, County or School District, Must Qualify For Positions, Either by Competitive or Noncompetitive Examination—Exempted List Includes Heads of Departments.

Columbus, O., March 14.—Even laborers must show a certain fixed standard of efficiency in order to obtain a job under the Friebohn civil service bill, which passed the senate by a vote of 26 to 5. The laborer who wishes to work for the state, city, county or school district is not compelled to answer questions on paper, but he must furnish proof of his ability to labor, his honesty, sobriety, industry, capacity and experience in the work for which he applies.

The act, drafted to fulfill the demands of a constitutional amendment, places all state, county, city and school district employees, other than certain specified ones, under the civil service. They must qualify for positions, either by competitive or non-competitive examination.

Those who are exempted from the operation of the law are officers elected by popular vote, heads of the principal departments, boards and commissions appointed by the governor, mayor or other appointing authority; officers elected by the general assembly; all election officers, except clerks at main offices of boards; members of the state militia, superintendents, directors and teachers in public schools or colleges; one secretary, chief clerk or assistant to heads of departments; deputies authorized to act for their principals.

Those placed under the civil service and required to take examinations for fitness comprise all employees not exempted or those coming within the labor class.

## He Flirted With Death And Lived To Tell It

### HUMAN SKYROCKET FAILS

Hurled Fifty Feet In the Air but Soft Ground Saves His Life.

New York, March 14.—Rodman Law, who has flirted with death so often, tried to qualify as the human skyrocket. He did not do it. Instead of going up in the air for hundreds of feet just ahead of 900 pounds of powder and then being shot out into space like a spark on Fourth of July night, to float down on a parachute while moving picture men reeled underneath, the aviator simply fell 50 feet. The huge steel rocket that had been constructed for the stunt could not stand the strain and exploded, dumping him out on soft ground, which saved his life.

### SULZER REMOVES SCOTT

Names a New Man For Superintendent of New York Prisons.

Albany, N. Y., March 14.—Colonel Joseph Scott, superintendent of prisons, was removed by Governor Sulzer, subsequent to a resolution passed by the senate requesting the governor to have the charges against Colonel Scott heard by "an impartial and unbiased tribunal." The governor ignored the senate, which by a unanimous vote had declined to confirm the governor's nomination of Milton S. Gibbs as the legal member of the state hospital commission. Simultaneously with the removal of Colonel Scott the governor sent to the senate the nomination of John B. Riley of Plattsburg, county judge of Clinton county, for superintendent of prisons.

## Cunning Suffragettes Prepared A Surprise

### HIRED HARD FISTED TOILERS

How Suffragets Subdued Ricketty Rax Boys Who Started a Row.

London, March 14.—There was another suffrage row at Glasgow, in which the women, by using strategy, came out ahead. Mrs. Emmeline Pankhurst, who is not ill as was reported, addressed a meeting there. The university students immediately started a disturbance. The suffragets foresaw that a row was coming and called in a body of 300 male stewards, including dock laborers, carters and similar hard-fisted men. The result was that there was a small riot. Fifty of the students were ejected in a hurry and the rest, most of them with discolored features and torn clothes, kept quiet during the meeting.

### Former County Official Dies.

Nelsonville, O., March 14.—Willis G. Hickman, 74, is dead after a long illness. He had served several terms as treasurer and commissioner of Athens county.

# The Tailored Suit

*That one cannot do without*

WHILE women demand novelties and even eccentricities in their search for something altogether new, the fact remains that there is hardly a type of dress more universally admired than the trim smart tailor-made suit, or one that is worn generally with more grace or distinction.

THE essentials of simplicity, good cut and finish are incorporated in the BRETON SUIT pictured. A striking pattern of Bedford cord in gray, tan, light blue or navy is employed and lining is soft lustrous peau de cygne. This suit is differentiated from the commonplace by the conservative yet stylish cutaway lines of the front of the jacket and its extended back length. A vestee of embroidered Pique and pearl buttons rimmed in a color to match the fabric are delightful touches. . . . \$25.00

ANOTHER smart tailored model of wide wale serge reflects refinement! The revers are covered with moire and the back is scalloped below the waist on one side and piped with black silk. The back panel of the skirt consists of knife plaits. . . . \$25.00

AN ideal utility suit for spring comes in navy, tan, or brown serge with lining of rich old gold peau de cygne. The shoulder seam on the left side of jacket is left open to admit of a charming breast pocket. Full round buttons on jacket and a cluster of knife plaits at back of skirt add to the striking effect. The custom tailoring of this model is quite pronounced. . . . \$22.50

### INTERESTING MEETING.

The March meeting of the Ladies' Aid of Elmwood was held Thursday afternoon, March 13th, at the home of Mrs. Carrie Bateman on Green street, assisting hostesses, Mrs. Geo. Bryant and Miss Elsie Craig. Meeting was opened with a song and prayer service conducted by Mrs. Harry Rowe. Usual routine of business was attended to, Mrs. N. D. Powless president, presiding, after which Mrs. Arthur Miller favored the society with a prettily sung solo. During

the social hour the ladies exchanged gifts and many artistic ideas in needle-work from the grab bag. Refreshments were served by the hostesses and a very delightful time was enjoyed by all. Twenty-seven ladies were in attendance.

## \$3 Per Week Alimony Granted

Hearing of the case of Daisy Benjamin against Marion Benjamin, in which the plaintiff asked for alimony pending the hearing of her suit for divorce, took place before Probate Judge Allen Friday morning, and \$3 per week was allowed the plaintiff.

The sum of \$20 was also granted for attorney fees. The proceedings for divorce will be heard on April 17th.

### W. R. C. NOTES.

The first regular meeting in March of the W. R. C. was one of unusual interest as the ladies were discussing plans for making money to add to their fund toward helping to entertain the state G. A. R. encampment in June. They decided on holding a bazaar in the near future as the best way, and they are going to ask the patronage of citizens toward making it a success. The meeting in convention of the W. R. C. as auxiliary to the G. A. R. will mean quite a gathering in itself as there are over 12,000 W. R. C. women in Ohio. Quite a number of new members are being added to John M. Bell corps. Mrs. Geo. Davis and Mrs. Ellison were initiated at this meeting.

The W. R. C. stands ready at any time to assist the Grand Army and old soldiers in any way possible, as that is what the organization means. PRESS COR.

## ADVERTISEMENT FOR FEDERAL BUILDING SITES

TREASURY DEPARTMENT, Office of the Secretary, Washington, D. C., March 11, 1913.—Proposals are hereby solicited, to be opened in the Office of the Supervising Architect, Treasury Department, Washington, D. C., at 10 o'clock a. m. on April 4, 1913, for the sale or donation to the United States of a corner lot, centrally and conveniently located and suitable for a Federal building site at Washington Court House, Ohio. The site must be approximately 20,000 square feet in area, and if the lot offered is rectangular, its minimum dimension must be not less than 125 feet. Upon application the Postmaster will supply prospective bidders with a circular giving particulars as to requirements and instruction for preparation of bids and data to accompany same. W. G. McAdoo, Secretary.

### DO YOU ENJOY EATING.

Or Does Everything You Eat Distress You.

Experts declare that the reason stomach disorders are so common in this country is due to hasty and careless habits of eating. Stomach troubles and run-down conditions also usually go together.

John Lind, of Oneonta, N. Y., says: "I had a bad stomach trouble for fifteen years and became so weak that I could hardly walk or do any work. My appetite was very poor, and it seemed impossible to get any relief. Since taking two bottles of Vinol I find that it has already made a remarkable improvement in my health, my digestion is much stronger, and I have gained in weight."

Vinol makes weak stomachs strong because it strengthens and tones up the weakened, tired and overtaxed nerves of the digestive organs. Vinol is easily assimilated by the weakest stomachs, and is delicious to the taste.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Blackmer & Tanquary, druggists, Washington C. H., Ohio.

## John A. James Died Thursday Night

After a lingering illness, covering a period of more than a year, Mr. John A. James died Thursday evening at his home on the Creek road. Mr. James was one of the old and well known residents of the county. Everybody knew John A. James and he was an individual character in the community.

Mr. James was a successful horticulturist and for many years carried on a large business in small fruits, having such a reputation that they always brought the top price of the market.

Although not one of the California gold seekers classed as the "49ers", Mr. James sought the western gold fields a little later and has always been included in the annual dinners of the "49ers", to which he added his varied and interesting experiences.

Mr. James leaves three children, the only son, Mr. Joe James, residing in Pittsburg; one daughter, Miss Margaret, in Cleveland, and one daughter, Miss Mary, making the home for her father.

The funeral arrangements will not be made until the son arrives from Pittsburg.

## DEATHS

### CRABBTREE.

Miss Florence Crabtree died Thursday at 11:30 a. m., at the home of her sister, Mrs. Davis, on the Capt. Ramsey farm on the Prairie pike. Funeral Friday afternoon at 1:30 conducted by Rev. Jewett, of Bloomington. Burial in Washington cemetery.

## RELIGIOUS WAVE IS GENERAL AND MANY CONVERTS ARE ADDED

Local Revival Continues With Interest on the Increase—New Holland and Other Points Still Enrolling Large Numbers of Persons Who Take Stand for Christ.

The revival spirit in the city is spreading, and several more converts were added to the large list at Grace church Thursday night, while the meeting was filled with more earnestness and interest than any previous meeting of the series, with a genuine old time experience meeting a feature.

Services will again be held tonight at the usual hour.

In New Holland Thursday night seven persons, including the leading hardware dealer and a groceryman, acknowledged Christ as their guide. Three of the converts were in the Christian church and four in the Methodist church. The total number in New Holland has reached 161.

At Dublin Hill, a few miles from New Holland, where Rev. A. L. Vandegriff is preaching, four additional converts were added to the already large number at that place.

In Williamsport Thursday night out of 15 persons who "hit the trail" 13 of them were men, including many business men of the place. It is the largest revival that has touched Williamsport for a decade or more.

In a number of other neighboring towns, where revivals are in progress at the present time unprecedented success is marking the series of meetings.

The wave of religion is apparently general throughout this part of Ohio, and in fact throughout the entire state, and much credit is given to the influence of the Billy Sunday meeting at Columbus, and the great International Men's Bible class movement which has caused tens of thousands of men to enroll as Bible students.

## Might As Well Quit

The present General Assembly of Ohio will gain in good reputation with the people of the state, from this time on, proportionately to the number of bills killed by it.

The deluge of bills presented at the present session has caused the people of the state to become decidedly uncomfortable. There are a number of bills now pending which are generally regarded as dangerous to business and vested rights. There is in addition to this, the general feeling all over the state among responsible people that, in that deluge of bills which has come upon the Assembly, there are a number of unknown quantities which have the deadly punch at business concealed with in the words and sentences which compose them.

Long before the gavel fell in either the House or the Senate a great many people of Ohio viewed the present session with great apprehension.

The opportunity for the enactment of dangerous legislation never appeared so bright to the irresponsible forces as it appeared at the beginning of this session. There were many pronounced reforms in legislation to be worked out. The voters of the state, a great majority of them, were demanding radical changes in the laws to correspond with the changes they had written into the constitution.

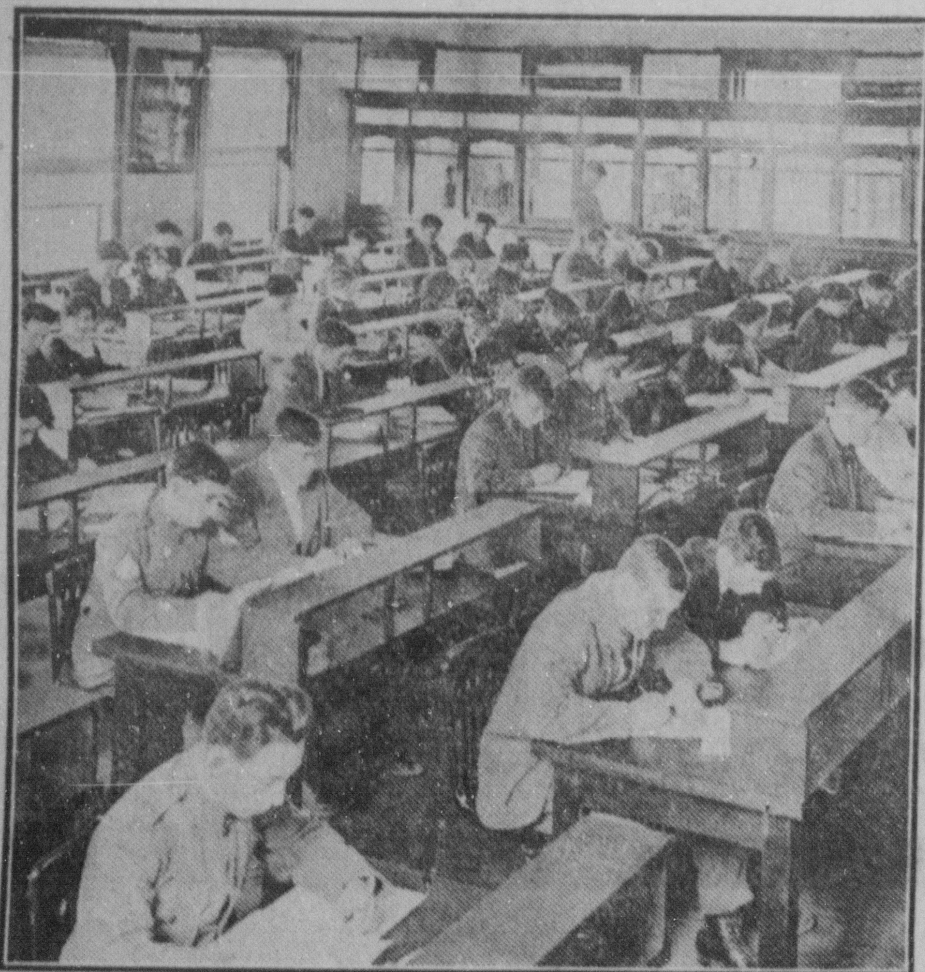

Few indeed, however, dreamed that the proposals in the way of legislation would go to the extreme or total such appalling numbers as the session has developed.

It is very doubtful now if the desire for change equals the anxiety of the people lest some of the business disturbing bills be enacted into law.

It is likely that, on the whole, the people of the state would be just as well satisfied if the present General Assembly would adjourn and go home. Fear of dangerous legislation has about wiped out the desire for radical change.

## Farmers Should Be Thorough Business Men

By J. A. BEXELL, Dean of the Oregon Agricultural College School of Commerce

OREGON BOYS STUDYING FARM BOOKKEEPING.

IF THE FARMERS OF AMERICA WERE AS CAREFUL AS OTHER BUSINESS MEN IN KEEPING EXACT RECORDS OF THEIR BUSINESS TRANSACTIONS, THEIR INCOME AND LIABILITIES, THERE WOULD BE FAR LESS BUSINESS FOR THE MONEY LENDERS, FAR FEWER FARMS MORTGAGED TO THE LAST FENCE LINE AND MORE AUTOMOBILES IN THE COUNTRY THAN IN THE CITIES.

It is doubtless true that the farmer is becoming a FACTOR TO BE RECKONED WITH IN THE BUSINESS WORLD; that the average farmer knows vastly more about scientific farming than his father did. He understands more thoroughly the value of proper cultivation, of fertilization, of rotation of crops and of diversified farming, but it cannot be said that he owes his success to IMPROVED BUSINESS METHODS. He has been successful rather IN SPITE OF HIS IGNORANCE in this respect and because of the lavish generosity of Mother Nature.

A farm may be forced to yield to its maximum capacity, labor may be managed properly and waste reduced to a minimum, and yet the net result may be a loss at the end of the year. As a general economic proposition it might be said that large crops often result in serious loss to society as a whole. If the net value to the consumer is less than the labor and capital expended on the crop society is the loser by the difference; hence the importance of a THOROUGH UNDERSTANDING BY THE FARMER as well as by the merchant and manufacturer of the laws and methods of exchange or commerce.

## A GLIMPSE BACK THROUGH YEARS

May 2, 1867.

New Baptist Church—The contract for putting in the walls of the First Baptist church of Washington has been sold to L. J. and William McPine at \$12.25 per thousand brick the work to be completed by September, next.

Going to Europe—Mr. D. Furtwagler, of this place, starts on an extended European tour next Monday, to visit his birth place in Germany, the Paris exposition, and return home in the fall. We wish him a safe and pleasant trip.

Fifteen butcher shops in Indianapolis have been closed up on account of the scarcity of beef, the people either can't or won't pay the outrageous prices demanded of them.

Something New In Town—Our enterprising townsmen, J. N. Wilson and son have purchased the necessary machinery for planing, flooring and fitting up lumber for house building and other purposes and their machinery, we are glad to say, is now in successful operation and they seem to have plenty of business on hand.

They have purchased the upper mills formerly owned by Bybee and Shoemaker, on the creek. The well known enterprise of the proprietors is a sure guarantee of success.

Didn't want to be taken upside down.—A good story is told of a prudish old maid, who applied at a certain photograph gallery in this town, near the Court House. As old maids are generally of a very inquisitive nature, always poking around where they have no business, she accidentally looked into the camera and to her horror discovered herself inverted, or as she expressed it "up side down." She promptly refused to sit any more, and adjusting her bonnet strings, remarked that "that game couldn't be played on her. She wasn't never going to be stuck up in that manner if she never had a picture and with a tilt she sailed from the room.

## INTERESTING BITS OF NEWS

The Irwin Auger Bit company one of Wilmington's prosperous industries, manufactured 1,700,000 steel bits last year. In 1913 they expect to enlarge their plant and increase capacity over 40 per cent. They will turn out over 2,000,000 bits alone.

Rev. Billy Sunday has agreed to conduct an evangelistic campaign in Dayton some time this year. The committee appointed to wait upon him for his final decision has elicited this information but no date for the opening of the meetings has been agreed upon although the time will probably be in November.

How many signs does it take to make sure of "Spring Time." The kids playing marbles, the girls "jumping the rope" and doing the "hop scotch", the high school boys "blow off steam" doing the 100-yard dash and the high jump. The crocuses showing their modest beauty along sheltered places and further more the City Auditor is planning a fishing trip.

The famous St. Nicholas Hotel in Cincinnati will be torn down as soon as possible and a \$1,000,000 office building 14 stories high erected.

Urbana authorities are planning to pave the streets to be improved in that city this summer, with asphalt.

Forgetting that she had placed \$2,300.00 in paper money in the ash pan of a stove, Mrs. Snell, a widow, built a fire in the stove and remembered the money only when it was reduced to a mass of charred paper. She appealed to the Treasury Department at Washington and yesterday received notice that the money would be redeemed.

Falling beneath a train when seized with a fainting spell, George Anson, aged 75 years, was run over by eight loaded freight cars. He was in the Barnes Coal Company mine near Coshocton and while waiting for medical treatment the man begged to be shot. He died before the surgeon reached him.

Every man lives to congratulate himself that he didn't marry the first woman he thought he was in love with.

SEEMS TO BE THE RIGHT MAN FOR THE JOB.

### Hints on Hair Health

If you use our treatment, we will either stop your hair from falling or pay for the treatment ourselves.

Dandruff is a contagious disease caused by a microbe, which if not removed causes baldness. This microbe often comes from a comb or brush belonging to someone else.

If you are troubled with dandruff, itching scalp, falling hair, or baldness, we believe that Rexall "93" Hair Tonic will do more than anything else to remove the dandruff, destroy the germ, make the scalp healthy and stop falling hair, and, if there is any life left in the roots, also promote growth of new hair.

We believe that probably 65 per cent of the cases of baldness could be overcome if people would only use Rexall "93" Hair Tonic for a reasonable time, as directed.

We don't want you to take our word for this. We want you to test the merits of Rexall "93" Hair Tonic at our risk. If you use it and it does not give satisfaction, just come back to us and tell us, and we will immediately hand back to you the money you paid for it. You promise nothing, sign nothing and your mere word will be taken for it. We are dependent upon your confidence and patronage, and we would not make these claims, or make this offer if we did not believe that Rexall "93" Hair Tonic is the very best hair preparation you can use. Two sizes of bottles, 50c and \$1.00.

You can buy Rexall "93" Hair Tonic in this community only at our store:

## Chance to Join The Marine Corps

Examinations will be held on July 14th for the purpose of securing some fourteen men between the ages of 21 and 27 to fill vacancies in the grade of second lieutenant, U. S. Marine Corps.

The pay of a second lieutenant is \$1700 per year, with 10 per cent. additional for each five years' of service. In addition there are certain allowances in the way of quarters, heat and light, or commutation thereof. The position, if secured, is for life, on good behavior, and officers commissioned as second lieutenants are in line for promotion to the higher grades as vacancies occur. Officers of the Marine Corps are required to serve at sea on vessels of the navy, and on shore at naval stations in the United States or in its foreign possessions.

Any one who may be interested in the subject can acquire full information by addressing a letter to Major Gen. Commandant W. R. Biddle, U. S. Marine Corps, Washington, D. C.

## IN SOCIAL CIRCLES

Mr. Herbert Davenport, the son of Mr. and Mrs. Wm. Davenport, was very much surprised Thursday night when a merry crowd of his classmates appeared at his home and reminded him of his sixteenth birthday. A jolly time was spent in music and games. Delightful refreshments were served after which the guests adjourned wishing their young host many more happy birthdays.

Mrs. Frank Flee, Jr., gave a pretty little birthday party Thursday afternoon for her cunning 4-year-old son, Warren.

Games and a fishing pond furnished fun galore for the little ones and they were delighted with the birthday cake with its four blazing candles.

Dainty refreshments were served. The guests included Georgia Prue Chapman, Miriam Lynch, Dorothy Allen, Norma Flee, Wilbur Behymer, Robert Flee, Morris Snyder.

The arrival from the South of Mr. Roy Gibson and his bride, Thursday evening, is eliciting a shower of congratulations from the bridegroom's host of friends in this city.

The marriage took place in Jackson, La., on Monday, March 10th, the bride being an attractive New Orleans girl, Miss Lillian Perry. It was altogether a surprise to Mr. Gibson's friends, although not unexpected by his family.

After a visit of several days with the bridegroom's mother, Mrs. Wm. Gibson, and sister, Mrs. Miller Minter, on Main street, Mr. and Mrs. Gibson will go to St. Louis, Mo., where Mr. Gibson has been connected for some time with the Ambros-Miller Drug Co., and where they will make their future home.

Mrs. Elmer Lynch gave a delightful surprise party Thursday evening for her daughter, Miss Lovey, who celebrated her nineteenth birthday. Sixteen girls and young men responded to the invitations and the affair was one of marked pleasure to which Miss Margaret Daily added spirited piano music.

A tempting lunch was served, the table prettily decorated with carnations and greenery.

# SITE IN THIS CITY FOR THE NEW FEDERAL BUILDING IS DESIRED

Secretary McAdoo, of the United  
States Treasury Advises  
for Suitable Location.

CORNER LOT OF 20,000  
SQUARE FEET IS WANTED

Full Instructions for Submitting  
Prospective Sites on File at  
Local Postoffice—Uncle Sam  
May Condemn Property if Price  
Is Deemed Too High, or Suita-  
ble Lot Is Not Forthcoming.

Washington citizens now have the  
opportunity of trotting out their  
corner lots for the new \$80,000  
postoffice building to be erected in  
this city, and the requirements are  
fully explained in an advertisement  
carried elsewhere in this issue and  
signed by Hon. W. G. McAdoo, Sec-  
retary of the United States Treasury.  
The sale or donation of a suitable  
corner lot is solicited by the Treasury  
department, the proposals to be open-  
ed at the office of the Supervising  
Architect at Washington, D. C., at  
10 o'clock a. m. on Friday, April 4,  
1913.  
In addition to being a corner lot  
the site must contain approximately  
20,000 square feet of ground, and if  
the lot submitted is rectangular its  
minimum dimension must be not less  
than 125 feet.

Postmaster Culhan will supply  
prospective bidders with a circular  
giving particulars and all require-  
ments, together with instructions for  
preparing the bids and data neces-  
sary.

After the bids are opened in Wash-  
ington, and as soon as practicable an  
agent of the department will be sent  
to this city to make a personal ex-  
amination of the properties, and in-  
vestigate the reasonableness of the  
price placed upon the tracts. He  
will compare the price with the price  
of real estate in the vicinity of the  
lot or lots.

Part of the action taken by the de-  
partment is given in a circular re-  
ceived at the postoffice, which says:  
Based on the agent's report, to-  
gether with written representations  
from other sources, the department  
selects the site and, if the property is  
to be acquired by purchase, accepts  
the offer of the successful bidder,  
subject to the conditions hereinafter  
stated and the Attorney General's  
approval of the title. No inter-  
mediary between the landowner and  
the Government is necessary. While  
it is advantageous to all concerned to  
have proposals submitted at the date  
fixed in the advertisement, in those  
cases where it is impracticable to  
submit an offer then, belated propo-  
sals will have due consideration if  
received before the department makes  
its selection.

Whenever the department is un-  
able to secure from the owner a pro-  
posal to sell the site desired (or any  
part thereof) for a reasonable price,  
a resort may be had to condemnation  
proceedings to ascertain the valua-  
tion of the property. If the price, so  
judicially determined, is satisfactory,  
the award is confirmed and payment  
made. If the damages are deemed  
excessive, however, the proceedings  
are dismissed and some other loca-  
tion is taken under consideration.

Where an acceptable title to the  
site selected (or any part thereof)  
can not be secured by voluntary con-  
veyance, an agreement may be reach-  
ed with the owners as to the price  
to be paid and the title condemned  
under a consent verdict fixing the  
award at the agreed valuation. When  
condemnation is necessitated by the  
condition of the title, it is customary  
for the owner to pay the costs there-  
of, besides furnishing the usual sur-  
face surveys and the abstracts, evi-  
dences of title, etc., required by the  
Attorney General.

The buildings (if any) on the site  
should be reserved by the vendor, to  
be removed upon 60 days' notice (usu-  
ally) after payment for the land has  
been made. Generally, notice to  
clear the site is not given until the  
construction of the Federal building  
is about to begin, if the vendor is  
willing, pending such removal, to pay  
a reasonable ground rent, the rate for  
which can not be made a part of the  
consideration for the site, but will  
be agreed upon after the land be-

comes the property of the govern-  
ment. A small bond is usually re-  
quired in this connection.

"Clearing the site" includes the  
removal therefrom of all buildings,  
foundations, or other improvements  
(excepting retaining walls and walls  
supporting sidewalks), and all tracks,  
poles, and wires (overhead or under-  
ground); the abandonment of all gas,  
water, and heating pipes, ducts, etc.,  
conduits, ditches, and sewers crossing  
the site, together with the satisfac-  
tory plugging of the ends thereof at  
the lot lines (unless the requirement  
for the discontinuance of any such  
pipes, ducts, conduits, or sewers is  
expressly waived by the department);  
the safely covering over, or railing  
off, of any open wells, cellars, ex-  
cavations, etc., on such site, and the  
taking away of all debris resulting  
from such removals, and the leaving  
of the land clean; all without expense  
to the United States and to the satis-  
faction of the custodian of the site  
to be hereafter appointed.

There is frequently a large volume  
of site business before the department  
and while such work receives unre-  
mitting attention until finished, it  
is not always practicable to dispose  
of a particular case as speedily as de-  
sired by the parties interested. Bid-  
ders are at liberty (in case of failure  
of the department to make a selec-  
tion within a reasonable time) to  
withdraw their proposals, but will  
be expected by the department to give  
notice of such intention.

When the department has selected  
a site, such action is final unless the  
vendor fails to perform the conditions  
of the contract with him or (in case  
of condemnations) the property can  
not be acquired at a price the de-  
partment would feel justified in pay-  
ing. When once the title to a site is  
vested in the United States, a new act  
of Congress would be necessary to en-  
able the department to change to  
some other location.

Plans for public buildings are taken  
up in the order in which the titles  
to the sites therefor are vested in the  
United States, and the contracts for  
their construction are let at as early  
a date as practicable.

## Approves Plans For New Building

The State Inspector has just ap-  
proved the plans of the new \$15,000  
school building to be constructed at  
Lees Creek in Clinton county.  
J. Howard Hicks of this city made  
the plans and specifications, and the  
handsome new structure will be  
erected at Lees Creek the coming  
spring and summer, and will be  
ready for occupancy by next fall.

## Advocates Of Better Road System Crowding The Capital

### URGE CONTINUANCE OF WORK

Delegates to Good Roads Congress Adopt Thompson Resolution.

Columbus, O., March 14.—Just before adjournment, the Rural Life and Good Roads Congress adopted a resolution offered by President Thompson of the Ohio State university. The resolution declared that Governor Cox should continue the investigations now being made regarding rural life; that a permanent organization with county organizations be organized; that a national rural life and market roads association be formed; that a commission be appointed to make a complete rural survey of the state; that a commission be appointed to re-write and codify all county, township and district road laws, and that the one mill tax proposed for constructing market road become a law.

## CROWDS TURN OUT TO HEAR ROOSEVELT

### Oyster Bay Sage Outlines Position of Progressives.

Philadelphia, March 14.—A crowd, which completely filled the Metropolitan opera house and blocked all the streets in the vicinity when the doors were closed by the police, greeted Theodore Roosevelt at the Progressive rally. Incidentally \$11,931.97 was collected in cash and written pledges for the campaign funds before the colonel made his appearance.

One of the features of the immense rally was the appearance of thousands of suffragets, and the colonel, before plunging into his speech, took occasion to say: "The word men, during my address, is used in a strictly nonpartisan sense."

In his speech Mr. Roosevelt urged the need of thorough organization for studying and securing the ideals on which the platform of the Progressive party is based. He laid stress on the educational side of the work to be accomplished, the acquiring of social and industrial facts on which to base the necessity of proposed reforms.

Mr. Roosevelt favored the minimum wage for both women and children.

## Another Victory For Death Angel At Grade Crossing

### CROWDED STREETCAR HIT BY TWO TRAINS

#### Two Persons Killed and Fifteen Hurt In Youngstown Wreck.

Youngstown, O., March 14. — Two persons were killed, five seriously injured and 15 others bruised and cut when a Mahoning Valley streetcar was ground to pieces between two trains at a crossing of the Erie railroad.

Watkins Trobert, 50, of Girard, was dead when pulled from the wreckage, and Richard Hughes of Youngstown died two hours later in a hospital.

The streetcar came down Federal street, which is almost parallel to the railroad, and started around a sharp curve over the crossing before the crossing tender, J. H. Downing, could lower the gates. Passenger train No. 8, eastbound, struck the car in the middle, carrying the front part 100 feet. In a few moments a westbound freight plunged through the wreckage.

### AMERICAN SOLVES RIDDLE OF THE SPHINX.

London, March 14. — To Professor George Andrew Reisner, a native of Indiana and Egyptologist of Harvard university, is credited the honor of solving the "riddle of the sphinx." Reisner succeeded in removing the accumulated sand of centuries from the interior of the head and has gained entrance, through the neck, to a temple that runs the whole length of the gigantic body, measuring 120 feet. In this temple is a pyramid which forms the tomb of Menes, the first Pharaoh, and is supposed to contain his mummified body.

### Meat Famine Faces Country.

Chicago, March 14.—"A meat famine is facing the country because of decreasing live stock supplies," said Arthur G. Leonard. Mr. Leonard is president of the Union Stock Yards and Transit company, the clearing house for the largest packing houses in the world. He says it will take six or seven years to build up the cattle-raising business to a point where material reduction of prices will be possible.

### Extends the Rule to Every Branch of Work

(Continued from Page One.)

At the head of the system is to be a state civil service commission of three, the members to be appointed by the governor at salaries of \$2,500 a year.

Persons in office at the time the law becomes effective are not required to take competitive examinations, but they must take noncompetitive tests to establish their fitness. Local employees now holding places by virtue of examinations are not required to be examined again.

The proposed law changes the method of appointment of municipal civil service commissioners by clothing the mayor with this power.

Miners' Screen Bill Passes.

Senator Green, the miner Democratic floor leader of the senate, showed his ability to hold his colleagues in line when he secured the passage of his screen bill by a majority of 4. The same measure was defeated in the senate two years ago by one vote.

The bill provides all coal mined in the state shall be weighed before it passes over the screen and the miners' wages computed on the total amount of coal mined, whether it be lump or fine coal. At present the miner is paid only for the coal that passes over the screen. Senator Green stated that from 28 to 35 per cent of the coal goes through the screen, for which the miner gets no pay. The measure does not become effective until the expiration of the present contracts between the miners and operators in 1914.

The house supposed that in voting for the Vollmer woman's nine-hour workday bill it had voted to extend the nine-hour restriction to domestic servants. The discovery has been made that there is no allusion to females employed at home in the paragraph which limits the workday to nine hours and the workweek to 54 hours. The fluke may be corrected in the senate.

Insurance Probers Named.

Way was cleared for the projected legislative investigation of fire insurance rates by announcement of the probers. The joint committee is comprised of Senators Daniel F. Mooney of Auglaize, Maurice Bernstein of Cuyahoga, Justin A. Moore of Jefferson; Representatives Thornton R. Snyder of Hamilton, Isaac S. Guthery of Marion and Alfred Robinson of Lawrence. Senator Moore and Representative Robinson are Republicans.

Senator Lloyd of Franklin county introduced a bill requiring an eight-hour day for all railroad employees, railroad shops and Union station employees. Interstate roads are exempted.

ing chance at least to get near the tree.

Within the next few days Postmaster General Burleson is expected to present for the president's consideration a plan which will open to Democrats 35,000 third and fourth postmasterships covered into the civil service recently by Mr. Taft.

Mr. Burleson said that he had not yet decided whether to ask the president for a revocation of this order or not. If he decides against asking for the revocation, he will then suggest that postmasters who benefited by the Taft order be required to pass a merit test, which would be open also to others. If the president took the first course, thousands of postmasterships would be available at once, and if he chose the other, Democrats who entered the merit competition would have as good a chance as Republican incumbents.

Ever since Mr. Taft issued his famous order, which with a similar one by Mr. Roosevelt, put every third and fourth-class postoffice in the country in the classified service, it has been subjected to vigorous criticism by Democrats.

Mr. Burleson and Chairman McCombs of the Democratic national committee have settled upon a plan for patronage distribution which also will be submitted to the president shortly.

The president will be advised to go upon the principle that any man who subscribes to the Democratic platform and shows his belief in Democratic principles, is politically fit for office, regardless of faction. Personal fitness, of course, will be considered first. This disposition has been shown in the first batch of presidential appointments.

### A COLD, LA GRIPPE, THEN PNEUMONIA

Is too often the fatal sequence. La Grippe coughs hang on, weaken the system, and lower the vital resistance. R. G. Collins, Postmaster, Barnegat, N. J. says: "I was troubled with a severe La Grippe cough and was completely exhausted after each fit of violent coughing. Before I had taken one half of a bottle of Foley's Honey and Tar Compound, the coughing spells had entirely ceased. I wish to say it can't be beat. All others are imitations." Blackmer & Tanquary.
